Certificate of Completion

This is to certify that Ms. Gaganjot Kaur (URN: 2203429) has successfully completed a TR-103 in IoT Security during June 2025. During the training, she worked hands-on with IoT devices (ESP32) and conducted practical investigations, including a time-based channel attack analysis and mitigation experiments. She also participated in the CSAW 2025 Embedded Security Challenge (ESC) and performed a man-in-the-middle capture of a ThingSpeak API key using arpspoof as part of the embedded-security exercises. Additionally, she developed a phishing-detection machine learning model that used a real-time Gmail receiver to inspect email bodies for malicious content.
